|--|--|
| left click | selects & opens the respective item |
| holding down the left mouse button & moving the mouse | freely rotates the Spinning Cube |
| KEYBOARD | |
| ESC | closes the detail or start screen |
| 1 to 6 OR a to f | rotates the Spinning Cube to show sides 1 to 6 respectively |
| ← | rotates the Spinning Cube 90 degrees to the left |
| ↑ | rotates the Spinning Cube 90 degrees up |
| \rightarrow | rotates the Spinning Cube 90 degrees to the right |
| \downarrow | rotates the Spinning Cube 90 degrees down |
| ← Enter | in cube view: opens the detail screen of the Spinning Cube's front side in start view: closes the start screen |
| TOUCH CONTROL | |
| tapping on the display and releasing | selects & opens the respective item |
| moving the finger over the display | freely rotates the Spinning Cube |
| lifting the finger from the display | stops the rotation |
| LEAP MOTION | |
| extending the index finger | simulates the mouse cursor on the display |
| extending the middle finger | resets the application |
| extending index & middle finger | resets the application |
| extending all fingers of one hand, ma- king a fist and extending them again | changes the focus |
| extending all fingers | freely rotates the Spinning Cube |
| swiping with the finger | in cube view: rotates the Spinning Cube on its own axis twice in the direction of the gesture in detail view: rotates the carousel in the direction of the gesture |
| tapping down (key tap gesture) | in cube view: opens the detail screen of the Spinning Cube's front side in detail view: closes the detail screen |
| tapping forward (screen tap gesture) | in cube view: opens the detail screen of the Spinning Cube's front side during the video: switches between play and pause in start view: closes the start screen |
